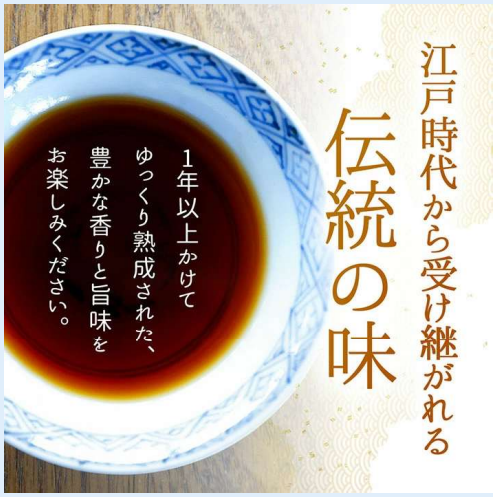
For 200 years,

a nostalgic taste that has brought generations together at the table.



Hanabusa Soy Sauce

ハナブサ醤油

Hanabusa Soy Sauce preserves traditional, non-mechanized methods unchanged since the 1960s, with nearly every step carried out by skilled craftsmen. Using domestically sourced ingredients, soybeans and rice from the Shonai region, it remains deeply committed to quality and authenticity.

With soy sauce aged for over one year and red miso matured for more than two, each product develops through a slow, careful fermentation that brings out deep, rich flavor.
